

## Are you a dental expert?

The dental expert plays a pivotal role and is essential to the defence of a dental colleague faced, for example, with a GDC Fitness to Practice hearing or who finds themselves subject to a claim in negligence.

BDA Indemnity is now looking to expand the dental experts that they can call on, covering the whole spectrum of dental practice, to help the rapidly growing number of members that have been joining since our inception date of 3 June 2019.

We are looking for experts who have current experience of doing this type of work, with knowledge of expert report writing and being prepared potentially for cross examination in court procedures.

If you are interested in this unique opportunity to work in this niche area of dentistry to help your professional colleagues, then please send in your current CV on a confidential basis by the closing date of 31st December 2019 to be considered for this vital role for BDA Indemnity members.
