Booking and payment required (details overleaf).

BDA NI Rosapenna Scientific and Golf Weekend

Friday 20 – Sunday 22 September 2018

The weekend will commence with an informal dinner on Friday evening.

There will be a clinical lecture on the Challenges in Endodontics from Paul Brennan BDS (QUB), MSc (endodontics) on Saturday morning.

The lecture will focus on common problems that dentists encounter in preoperative assessment and carrying out endodontic treatment. The course will use examples of clinical cases to demonstrate these difficulties and how to avoid them or manage them using new and old technologies and techniques. Dentists should gain a greater understanding of these difficulties

and how to avoid and manage them better and also those cases which are better referred at an early stage

On Saturday afternoon players will compete for the Association Cup, Ladies Salver and Veterans Salver. The final of the 2019 Matchplay competition for the Peter Lenny Trophy will also be held.

To book contact Rosapenna Hotel, Donegal on +353 (0)74 91 55000 or golf@rosapenna.ie.

For further information please contact Golf Convenor Mark Lenny on 07540 419 486.  WhatsApp available.
