The Summer Scientific Meeting this year has a dual theme with our morning session focusing on children with oral sensory and communication issues and the afternoon session looking at the restorative challenges presented by adults with additional needs.

This meeting will qualify for **5 hours verifiable CPD**. Our guest speakers include:

**Emma Shedlow, Paediatric Occupational Therapist, Therapy in Praxis,**
Emma works with a range of children who have oral sensory issues and will aim to give delegates a background into the oral sensory issues experienced by children with special needs and an insight into therapies used to help encourage good dietary habits and develop oral hygiene strategies.
In addition Emma will also discuss the oral implications of PEG feeding and strategies to encourage good oral care.

**Dr Jenny Harris, Consultant in Community Paediatric Dentistry, Community and Special Care Dentistry, Sheffield Teaching Hospitals NHS Foundation Trust**
Dr Harris will discuss communication difficulties and their impact on dental care, with specific reference to children and young people with autism spectrum disorders. She will also describe how her team developed and tested a new chair side communication tool for dentistry.

**Dr Finlay Sutton, Registered Specialist in Restorative Dentistry, Prosthodontics, Periodontics and Endodontics, Garstang Dental Referral Practice**
**in partnership with**
**Dr Gillian Greenwood, Consultant in Special Care Dentistry, City Health Care Partnership CIC Hull**
Dr Sutton and Dr Greenwood will spend the afternoon looking at some of the restorative challenges presented by adults with additional needs including Oncology patients, patients with Dementia and those with severe learning disabilities. Using a case based presentation format they will look at practical ways in which some of these challenges can be met using a range of prosthetic techniques.
