About the British Dental Association

The British Dental Association (BDA) occupies a unique place in UK dentistry. With over 15,000 members, our connections with the profession are unparalleled, allowing our voice to be heard by government, policy makers and regulators, nationally and internationally.

Branch and Section Events

Exhibition and sponsorship opportunities are also available at our locally organised Branch and Section face to face and online events. There is a growing network of regional events each year with the opportunity to provide speakers for 1-2 hour evening lectures. Clinical topics and speakers usually attract the most attendees. If you have premises that can host interactive, hands-on workshops then this would be of interest to the Branches and Sections too.

To be put in touch with the right person locally please contact Susan Graves in the first instance.
