“In difficult and distressing circumstances, it is so good to have someone who understands the issues, listens to what you want, offers advice and then fights hard on your behalf. An absolutely professional and brilliant service, which I could not have done without.”

Salaried member
England
We represent dentists individually and collectively, negotiating better pay and conditions for dentists, lobbying the governments of the UK on oral health provision and campaigning on public health issues.

“We have made great progress in recent years exposing underfunding, winning the argument for the sugar levy, and securing protection for boys from HPV. We are continuing to lobby governments on the issues that matter to dentists.”

Mick Armstrong
Chair, BDA Board

We have an active network of branches and sections, ensuring local representation and bringing members together at a local level to provide professional support.

“After university it gets harder to meet other new dentists. That’s why we organise local events around the country, to bring young dentists together and inspire each other. I live and work in the South West and have met lots of dentists through the BDA.”

Ahmad Nounu
BDS

“The library service is the most underrated benefit of membership. Amazing collection of both physical books, journals and ebooks, and the staff are friendly and helpful. I recently recommended a book that had just been released by a publisher; a day later the library had ordered it and the following day it was sent to me in the post. Now that’s service!”

Saagar Patel
BDA member

“We are all busy people and embracing the concept of life-long learning can sometimes seem to encroach on that all too important work-life balance... The prospect of searching and acquiring all those articles filled me with dread... For a nominal charge the papers just flowed into my inbox; sometimes even on the same day that I requested them! I cannot recommend the service highly enough; incredibly efficient, friendly and helps re-establish the work-life balance!”

Mediation services

All members have access to mediation services to help resolve associateship and other disputes between members. This can save you both time, stress and the cost of a court case.

Mediation involves an accredited and impartial mediator helping to resolve a commercial or interpersonal conflict. When a relationship is under strain or a dispute has arisen, mediation can help you to work collaboratively towards a solution. This often decreases stress and commercial risk for all concerned.

By helping you to work together more effectively, mediation can not only prevent the breakdown of relationships, but it can also help you find your way towards a solution that a judge would not be able to impose.

Fighting your corner

We fight for dentists’ interests and keep oral health on the national agenda in the midst of crisis, and out the other side. We represent the dental profession in its dealings with governments and employing authorities; we:

• Negotiate better pay and conditions of service
• Lobby politicians on legislation affecting dentists as business people and clinicians
• Campaign on public health issues including: HPV, amalgam and prevention
• Champion high standards and promote policies that benefit dental practice and dental care.

During the COVID-19 crisis, we were unrelenting in the fight to protect dentists and patients and safeguard the future of dental practices; we:

• Mobilised our members, getting nearly 200 MPs to press on the Chancellor to offer real support to self-employed dentists and private practice
• Gathered the evidence from thousands of members and took this directly to ministers and the media
• Continually fought for the provision of adequate Personal Protective Equipment for use in urgent dental centres and phased return-to-work.

As your professional body and trade union, our duty is to serve the needs of our members. We believe that together, we can achieve more than we could individually. Find out more and get involved:

Branches and sections

We have an active network of branches and sections, ensuring local representation and bringing members together at a local level.

Many branches offer a varied programme of educational events on both clinical and general topics and social events. These local meetings also offer a great way of networking with other dental professionals.

The policy does not extend to members working in the Isle of Man or Channel Islands.

BENEFITS OF MEMBERSHIP > BDA INDEMNITY

Peace of mind

The policy is occurrence-based so when an incident occurs under the policy, you’re covered forever. Plus, it’s contractual - not discretionary like mutual defence organisations’.

We state what is covered and what isn’t, right from the start, so there’s no uncertainty.

With a claims limit of £10 million per policy year or aggregate of claims to that limit which resets each policy year, it’s more than sufficient to cover dental claims.

There are no limits to professional support. We don’t penalise you if you call us for advice. There are no voluntary or compulsory excess payments to be made on any claims.

Flexible cover

Your cover needs to be just as flexible as the way you work, where you work, and what you do; you won’t be paying more to subsidise the risks of others. Special prices are available for part-time working and those within five years of qualification.

Meet our experts

Our team is here to help. We offer dentist-to-dentist support because we think members deserve support from experienced dentists with legal knowledge in times of pressure.

Len D’Cruz
Senior Dento-legal Advisor
Len is a general dental practitioner, foundation trainer and practice owner testing the NHS prototypes. He has 21 years’ experience as a dento-legal advisor supporting dentists with complaints, clinical and regulatory issues, and clinical negligence claims. Len has both dental and legal qualifications.

Jane Merivale
Dento-legal Advisor
Jane has accumulated two decades of dento-legal experience, while also leading a successful practice in South London. With a Master of Laws (LLM) in Medical Law from Cardiff University, Jane rose up the ranks at Dental Protection to become one of the foremost authorities in her field.

Russell Heathcote-Curtis
Dental Advisor
Russell qualified as a dentist in 1980, working in general dental practice for 34 years. He has been through the cycle of associate, practice owner and after the practice was sold, back to working as an associate. For the last 11 years he’s worked at one of the mutual defence organisations dealing mostly with helping to devise targeted remediation programmes for registrants under investigation by NHSE/GDC/Trusts as well as advising dentists on the phone on a wide range of issues.

Lorna Ead
Dento-legal Advisor
Lorna has 19 years of experience working as a dentist. She has worked primarily as a general dental practitioner and also has experience working as a community dental officer and as a hospital dentist. She is dedicated to supporting her dentist colleagues through a range of cases such as complaints, claims and regulatory issues.

Lynn Stephens
Dento-legal Advisor
Lynn brings 15 years of dento-legal experience, including as a senior dento-legal advisor and underwriting committee member for a large mutual defence organisation. Lynn managed the landmark judicial review of Powys LHB in 2014 which overturned the disallowing of NHS fees on the grounds that a full clinical examination had not been recorded and was therefore deemed not to have taken place. In 2015 the Court of Appeal confirmed the High Court’s decision to rule in favour of the dentists involved. Lynn has both dental and legal qualifications.

“The BDA has been fantastic for us as a professional, well presented and welcoming venue that we have used to host repeat monthly meetings, one off group training sessions, workshops or board discussions. Rahul and the front of house team are friendly, helpful and responsive and always accommodate my last-minute requests or changes. Nothing is ever too much trouble for them or the BDA. We will continue to use the venue knowing we are in the best hands with their great facilities and staff.”
